

2020 Unprecedented Innovation Award

Typically, the CSSGA seeks nominations for the Safety Innovation Award, however with the challenges presented in 2020 leadership decided to modify the award for Unprecedented Innovation. This year’s award will recognize the outstanding production employee(s) who made superior innovations and/or significantly contributed to the safety culture at their workplace during the COVID-19 pandemic. The goal is to share best practices throughout the industry and recognize the individuals who continued essential operations in an unprecedented year.

NOMINATION CRITERIA

A. **NOMINATION PERIOD**

- The safety contest will cover the period from **January 1** through **November 1**.

B. **REQUIREMENTS**

- **Nominee must be a Production Employee:**

- Mine/Plant Personnel - Laborer and On-site Management
- Transportation to Mine/Transportation to Customers (Company vehicles)
- Mechanics, Service Men/Women, Welders
- Quality Control

- **Nomination form**

- **Pictures or documentation required (to share best practices)**

The winner(s) will be recognized at the 2020 Virtual Annual Conference on November 19.

If you would like to nominate someone for this award, you can do so by completing the form below and email to annelise@coloradocaa.org no later than **November 2**.

Please do not overlook this chance to share best practices and recognize the individuals who continued essential operations in an unprecedented year.
